US\$1 Million Gift to Fight Polio

A 92-year-old Taiwanese Rotarian with more than 40 years service to his club has been honored for his family's donation of more than \$1 million to further Rotary's polio eradication efforts.

Shui-Sen Hsu, a member of the Rotary Club of Taipei Northwest, and his wife, Pei-Tsen, were recognized for their contribution, made by the Hsu Family Foundation, during the 2008 Rotary Institute for RI Zones 4B, 6B, and 7B in Taipei on 18 October.

Hsu has been a member of Taipei Northwest for 43 years, serving as president in 1974-75. .

Hsu's daughter Jane Hsiao, a pharmaceutical executive in Miami and president of the Hsu Family Foundation, says that as far back as she can remember, her father has been involved in Rotary.

"Every time he comes to visit me in the United States, he is always asking for a place to do a make-up meeting," Hsiao says. "He never misses an available meeting."

President Jeremy held a club assembly last week. He also did his very first PowerPoint presentation.

He discussed the Madagascar project where we are working with the German Rotary Club "Otterndorf-Land Hadeln" and the Malagasy Rotaract Club Iarivo to assist with the construction of a sanitary building and construction of a trash container.

THE FOUR WAY TEST of the things we think, say or do:

1. Is it the **Truth**?
2. Is it **Fair** to all concerned?
3. Will it build **Goodwill and Better Friendships**?
4. Will it be **Beneficial** to all concerned?
